

Gymnastic pommel horse, without handles, natural leather

Description

Gymnastic pommel horse, without handles, natural leather with height adjustment 110-170cm. The body of the horse is made of glued wood covered with flexible cover and natural leather. The metal base, 800mm wide, finished with non-slip feet painted with epoxy enamel, has two retractable legs, which are nickel plated in the upper part.

Basic dimensions: body length 1600mm, height adjustment range from 1100 to 1700mm, with increments, every 50mm. Two wheels are mounted on one side of the base to facilitate the movement of the horse.

The whole is attached to the ground with an approved tensioner.
